

little tough over this, but
lets be honest, sometimes
you have to shout to get
deaf ears to hear.

Earth is filled with mediums
that have learned the
pendulum bell techniques for
connecting. A few of them
are quite all right too. But
the vast majority have only
a shallow understanding
of their roles as mediums.

Their focus is short range
and facts w/ specific and
knowledge. You'll hear them
say, I can do readings,

The super wide net will catch more fish, every trip to sea.

The medium will only a broke under demand of their work with spirit will only ever get a few connections now and then. But the medium with the broader experience
